IMPRESSA Z5

IMPRESSA
IF YOU LOVE COFFEE

Two perfect coffee specialities at the push of a button.

The result: Two perfect latte macchiati, two gorgeous cappuccini or two cafe latte that will pamper even the most cultivated of palates.

Environmental cleverness.

The IMPRESSA Z5 Generation II actively helps you to save energy. With the various levels of the E.S.M.© (Energy Save Mode©), you can adjust the energy saving potential to suit the way you like to enjoy your beverages.

Intuitive operation.

Integrated rinsing, cleaning and descaling programmes give you cleanliness at the push of a button. The intelligent electronics automatically detect whether the coffee or the cappuccino spout needs to be rinsed.

Perfection in form, material and sound.

Exclusively selected materials have been used for the IMPRESSA Z5 Generation II. The shapes come across to perfection in conjunction with high-gloss chrome-plated components and the solid cup platform.

Master of presentation

Stars belong in the limelight. Therefore, the integrated cup lighting system provides magnificent illumination for every single speciality under the coffee spout. After all, pleasure can also be experienced by seeing.
