Espresso, Milky Coffee and hot Chocolate
Steam and Tea Water. Barista Features

Capacity

For Outlets up to 200 Cups/Day

Service Period

Approximately 10,000 brewing

Perfect coffee specialities with milk at the touch of a button or "handmade"

The WMF 2000 S is the answer to a medium demand with a daily capacity of up to 200 cups, this capacity can also be drawn within 1 hour. Therefore it fills the gap between presto! and bistro!. Thus, any requirement can be satisfied with the WMF product range. The WMF 2000S is a fully automatic coffee machine with a high beverage quality and a large variety of coffee specialities. It meets the market requirements for enhanced milk-based beverage output, faster preparation times and true barista-style specialities. With the WMF 2000S, coffee specialities with milk can be prepared as usual fully automatically. However, milk foam can also be prepared manually controlled by a sensor via the steam rod in three qualities: fine, superfine and standard.
